MANISHA NURSING INSTITUTE

ABOUT US

Manisha Nursing Institute

Manisha Nursing Institute (MNI), located in Rajbandh, Durgapur, West Bengal, is a dedicated nursing education institution committed to developing skilled and compassionate healthcare professionals. The institute was established with the vision of meeting the growing demand for qualified nurses and contributing to the nation's healthcare system.

The institute operates under a trust with the objective of providing modern nursing education, advanced infrastructure, and practical training facilities to aspiring students. It focuses on preparing students to deliver quality patient care and serve society with professionalism and dedication.

Academic Excellence

MNI offers the General Nursing and Midwifery (GNM) program, designed to equip students with theoretical knowledge and hands-on clinical experience. The institute is recognized by the Indian Nursing Council (INC) and the West Bengal Nursing Council (WBNC), ensuring adherence to national standards in nursing education.

MANISHA NURSING INSTITUTE

COURSES

General Nursing and Midwifery (GNM)

The General Nursing and Midwifery (GNM) program is a diploma course designed to prepare students for a professional career in nursing and healthcare. It focuses on developing clinical skills, patient care techniques, and essential medical knowledge required to work in hospitals and community health settings.

Course Overview

GNM is typically a 3-year diploma program, followed by a 6-month internship. The curriculum combines classroom learning with practical training to ensure students gain real-world healthcare experience.

Clinical Training

Students gain hands-on experience in hospitals and healthcare centers, applying theoretical knowledge to real patient care.

They develop practical skills in patient management, medical procedures, and teamwork under professional
